

Testing for drugs of abuse is done via urine samples.

LOCATION: Siouxland District Health Department laboratory

HOURS: 8:00 AM - 4:30 PM

APPOINTMENT: Testing is done by appointment. Please call 712-279-6119 for an appointment.

COSTS: \$15 for directly observed sample collection and \$10 per drug tested. Discounts for multiple drug panels may be available. Cash, debit cards, or money orders will be the only methods of payment accepted. No checks will be accepted.

AVAILABLE DRUGS TO BE TESTED: Marijuana, amphetamines, methamphetamine, cocaine, morphine*, benzodiazapines**, and K-2***.

Test results can often be obtained the same day as collection.

For further information, call Siouxland District Health Department at 712-234-3908 or 1-800-587-3005.

* - Morphine testing may detect substances such as codeine, hydrocodone, oxycodone, percodan, and demerol.

** - Benzodiazapines testing can detect substances such as valium, librium, xanax, versed, halcion, and restoril.

*** - Please call for pricing.
